"The Newspaper Everybody in Rush County Will Eventually Read"

WEATHER  
Overcast in south and cold-  
er tonight; Thursday fair.

Vol. 13. No. 269.

Rushville, Indiana, Wednesday Evening, Jan. 24, 1917

2165 PAPERS PRINTED TODAY.

## RUSH COUNTY FACES COAL FAMINE

### Dealers Have No Supply On Hands But Are Optimistic About Future

Innis-Pearce and Park Furniture Factories Are  
Closed Because of Shortage Which May  
be Relieved in Few Days.

#### SHIPMENTS ARE CONFISCATED

Several Cars Started to Local Fac-  
tories are Reconsigns Before  
Reaching Destination

#### HAVE OTHERS ON THE WAY

Dealers and Managers are Hopeful  
That Governor Goodrich's Order  
Will Bring Results

Rushville today faces the worst  
coal famine in its history. With two  
factories closed down and coal deal-  
ers without a lump to sell, those  
familiar with the situation say that  
the shortage is more serious than  
ever before within their remem-  
brance.

The Innis-Pearce and the Park  
furniture factories had to stop their  
machinery and the men were thrown  
out of employment because the coal  
supply was exhausted. Will Trenne-  
pohl was the only coal dealer with  
even a lump and that is all sold, so  
that in reality he has none. Mr.  
Trennepohl has about a half car load  
standing on the track but has orders  
for all of it.

The railroads are blamed for the  
shortage. The factory managers are  
optimistic about the outlook because  
of the order issued by Governor  
Goodrich Monday afternoon which is  
calculated to relieve the famine. The  
order was that coal should be given  
preference by Indiana railroads over  
all classes of shipments except live  
stock and that reconsignment  
charges should be made so high for  
a period of sixty days that it would  
be unprofitable to reconsign coal.  
The order further said that Indiana  
coal cars should be used only for the  
transportation of coal during the  
period of two months.

The city power plant was in no  
danger. It was stated by Superin-  
tendent Mahin this morning that  
there was a supply on hands that  
would last four or five weeks.

The Indianapolis & Cincinnati  
Traction company is in no immediate  
danger. It was said at the power  
plant this morning that the supply  
would last for several days at least.

The Innis-Pearce and Park furni-  
ture factories attributed their short-  
age to the fact that some of their  
coal shipments have been confiscated.  
Robert A. Innis said this morning  
that the two factories might not be  
closed down more than a day or two  
because they had coal coming. The  
practice of confiscating coal has been  
common this winter because of the  
scarcity for this sort of fuel. Many  
cases are known where several cars  
of coal have been reconsigns before  
they reached their destination.

The coal situation all winter has  
been the worst ever experienced here.  
The scarcity of soft coal has been  
exceeded only by the scarcity of  
hard coal. The lack of hard coal  
has resulted in many Rushville peo-  
ple this winter doing away with their  
hard coal burners entirely and de-  
pending on gas or soft coal for heat.  
More houses have been warmed by  
gas than for many years in Rush-  
ville.

The coal famine has been so se-  
vere that one coal firm became dis-  
gusted with the whole business and  
discontinued handling that kind of

#### SPRING CLEAN-UP UNNECESSARY WITH COAL PRICES SOARING

Clean-up day will be the relic  
of the dark ages if another win-  
ter such as the present is passed.  
The belief has been voiced by  
many that a general cleaning up  
in the spring would be needless  
because everything in sight was  
being burned up this winter, due  
to the shortage and high price of  
coal.

No small piece of wood es-  
capes the "eagle eye" of your  
Mr. Householder these days  
when he goes scavenging for  
fuel. With the price of coal  
soaring between six and seven  
dollars, no one is going to blame  
the householder if he burns up the  
back steps or anything else in  
sight. Everything imaginable  
has been consigned to the coal  
stove and the furnace.

fuel. The Reynolds Manufacturing  
company had such poor luck in its  
efforts to get coal that it decided to  
devote the energy of its employees in  
other directions. Other coal dealers  
have met with the same perplexing  
difficulties. It has not fallen to their  
lot to make more money; instead  
they have been what is commonly  
termed the "goats." They have  
been worried by the continual de-  
mands of their patrons and the lat-  
ter class can not be blamed in any  
measure for wanting to keep warm.

"The coal famine is the worst  
within my remembrance," said a coal  
dealer this morning. "I don't think  
there ever was a time when the city  
was in the same position as it is to-  
day. There isn't a lump of any kind  
of coal which can be bought in Rush-  
ville."

That the car shortage is to be  
blamed for the condition has been  
proved on several occasions this win-  
ter. A Rushville dealer in coal and  
other articles recently ordered some  
tankage. When it did not come, he  
made further inquiries and was in-  
formed by the company, which is a  
concern doing a large business, that  
it had not had but one car in three  
weeks.

Many commented on the fact that  
it was fortunate the weather was  
mild. There is no doubt but that the  
suffering would be great if the tem-  
perature was near zero and the con-  
dition which obtains today continued  
for several days.

#### ADJOURNS TO WASHINGTON

House Note "Leak" Committee to  
Hold Further Hearings

(By United Press.)  
New York, Jan. 24.—The house  
note "leak" committee this afternoon  
adjourned its session to Washington.  
There it will hold another meeting  
and announce the time of resuming  
here. This action came after the  
committee had been informed that it  
might be impossible to get stock ex-  
change records as quickly as de-  
sired. The stock exchange was asked  
to use a form of presenting this  
information that would expedite re-  
turns.

### Conditions the Same Elsewhere In Rush County

Dealers in Small Towns Have Coal  
on the Way but do Not Know  
When it Will Arrive

#### GLENWOOD SUPPLY ALL GONE

Falmouth is in Same Condition and  
Mays and Milroy Have Only  
a Small Amount

The same conditions exist in the  
smaller towns of the county as in  
Rushville regarding the coal sup-  
ply. All of the dealers have plenty  
on the way; some expect a car by  
Friday, others by Saturday, but in  
the end they admit that it is mere  
speculation as to just when the  
cars will arrive.

One firm in Milroy was entirely  
out of coal today while another there  
had only a small supply. Both deal-  
ers were expecting a car any time.

Coal was not to be had in Glen-  
wood. The coal yards were empty.  
The dealer stated that he expected  
a car of soft coal by Friday and not  
later than Saturday.

Falmouth was in the same shape  
as Glenwood. The two dealers in  
this town had no coal today. The  
dealers were not very optimistic and  
declared that while they had coal on  
the way it might arrive in two days  
and again it might not get in for two  
weeks.

Mays had a small supply of coal  
and the dealer was confident that he  
would receive another car the last of  
the week. This dealer received a  
car of hard coal yesterday but had  
it sold before it arrived. He admit-  
ted that his supply of soft coal was  
very low and that if a car did not  
arrive within the next two days the  
town would be without a supply of  
this kind of coal.

Like a lighthouse to a ship lost in  
a storm were the two cars of soft  
coal which arrived in Manilla this  
morning. The supply there was just  
about exhausted when the shipment  
reached there today and residents of  
the town had visions of facing the al-  
ternative of freezing or burning wood  
or any other fuel that could be im-  
proved.

The supply of coal at Carthage  
will not last more than two days,  
according to conservative estimates  
today. R. S. Hill, the only dealer  
there, said that he had just two cars  
of coal left, one hard and the other  
soft. He said he had some promised  
and that it would require four days  
for it to reach its destination once  
it was shipped.

#### SERVED THEM ALL RIGHT

Elkhart Women Buy Furs From  
Edith Mill Who is Fined for Fraud

(By United Press.)  
Elkhart, Ind., Jan. 24.—Edith Mill  
and her daughter Ida were fined \$32  
each in superior court today when  
they pleaded guilty to fraudulent ad-  
vertising. The women advertised \$65  
furs for sale at \$12. Detectives  
found the furs were not worth more  
than \$7. A large number of bargain  
hunters were "stung" by the women's  
scheme it was stated.

### LEFT WAY OPEN FOR DISCUSSION

Senate Today Failed to Act on Res-  
olution Providing for Debate  
on Wilson's Speech

#### EXTRA SESSION IS PROBABLE

Senator Cummins, Who Introduced  
it, Says he Will Call up Motion  
at Every Opportunity

By ROBERT J. BENDER  
(U. P. Staff Correspondent.)

Washington, Jan. 24.—Failing to  
act on Senator Cummins' resolution  
providing for debate on President  
Wilson's senate speech last Monday,  
the senate this afternoon left the  
way open for general discussion of  
the president's ideas at any time.

While effectually preventing for  
today passage of the Cummins reso-  
lution, Senate democrats failed to  
eliminate the "danger" of prolonged  
discussion on the president's ideas.

Following the senate's failure to  
act on the motion, Cummins de-  
clared he will take advantage of his  
privilege to call up the resolution at  
every chance afforded him.

The senate faces the probability of  
an extra session if Cummins carries  
out his threat.

Senator Sherman of Illinois, in a  
bitter denunciation of the president's  
address, declared it to be a "stump  
speech from the throne, a forestall-  
ing of public opinion and an attempt  
to make the senate accept any  
treaty he might make."

### SENATE SPEECH FAVORED

Germany Officially and Publically  
Likes Wilson's Address

By CARL W. ACKERMAN  
(U. P. Staff Correspondent.)

Berlin, Jan. 24.—President Wil-  
son's senate speech was telegraphed  
to the kaiser and Field Marshall  
Von Hindenburg at the front today.  
Ambassador Gerard conferred with  
Foreign Secretary Zimmerman last  
night and cabled the state depart-  
ment at Washington an outline of  
the German foreign office's impres-  
sion of the statement.

The president's sentiments are  
viewed with favor publically and  
officially. Informal discussion by  
foreign officials, however, developed  
the belief that Germany can not take  
official cognizance of the address.  
This belief is based on the fact that  
allies reply to President Wilson has  
never been officially received by Ger-  
many and because it is believed Ger-  
many can not make further moves  
for peace after the insulting reply to  
her own peace suggestions made by  
the allies.

Men in responsible positions today  
expressed their satisfaction over the  
president's argument for "freedom of  
the seas." From the first Germany  
has insisted this was the biggest  
question involved. Germany had also  
shown she favored an independent  
Poland, another point on which the  
president laid stress.

#### KEEPS UP HUNGER STRIKE

(By United Press.)  
New York, Jan. 24.—Mrs.  
Ethel Byrne, sentenced to jail  
for 30 days for distributing  
birth control information,  
started her third day of "hun-  
ger-striking" today. The com-  
missioner of corrections de-  
clared she would be fed for-  
cibly if necessary.

### WANT CHANCE TO REMIT BY CHECK

Business Men Argue Water State-  
ments Should Show Sum Due  
Instead of Just Amount Used

#### MUST CALL AT THE OFFICE

Under Present System Can't Com-  
pute Bill and Pay in by Meth-  
od All Others are Paid

The city treasurer's office was  
swamped with business today. Peo-  
ple who were on the list of 200 that  
had not paid their water bills, but  
had not yet been reached by Super-  
intendent Mahin, reached the office  
early this morning in an effort to  
pay up and avoid having their water  
cut off. Others appeared at the of-  
fice to have the water turned on,  
which meant that they paid the  
water bill and an additional \$1 for  
the turning on process.

The cutting off of the water yes-  
terday caught several business  
men and as a result several com-  
plaints have been heard regarding  
the system now employed by the  
city in reading the meters. These  
business men term the present sys-  
tem as unbusiness-like, and to facili-  
tate the matter of paying they  
would have the meter reader leave  
the amount of the water bill with  
the consumer instead of only the  
amount of water used.

It was pointed out by one business  
man that under the present system,  
the consumer using more than the  
average household could not pay by  
check as he had no way of knowing  
the amount of his bill.

"Nowadays when the busy mer-  
chant pays almost every bill from  
his desk by check, using the mail,  
as his messenger boy, the city's  
plan cannot be recommended," said  
one merchant this morning, "because  
he cannot figure out his water bill."  
This man had three different rates  
to use in computing his water bill  
and without the rates being printed  
on the meter statement it was hard  
for him to pay his bill in the usual  
manner.

The rates provide for a minimum  
of \$1. Then the rate is \$1.85 per  
thousand cubic feet for the first  
three thousand. The next three  
thousand cubic feet is at a rate of  
\$1.50 a thousand and the next 5,000  
at \$1.25 a thousand. After this the  
next 5,000 is at \$1 and the next  
10,000 and over at seventy-five cents  
a thousand cubic feet. The state-  
ments as now left after the meters  
are read do not contain the rates  
and where there are several differ-  
ent rates to be considered it is next  
to impossible for the merchant to  
figure out his water bill and send a  
check for the amount. As a result  
he soon forgets about it and then  
along comes the city and cuts him  
off.

"If we are going to have a business  
administration," said this merchant,  
"let's do things in a business way.  
The council should by all means  
change the meter slips and let the  
man who reads the meter put the  
exact amount of the water bill in  
dollars and cents, not in cubic feet."

The city's electric statements con-  
tain the rates and the people can  
easily figure out the amounts of their  
bills, but the water statements do not  
contain the rates, and under the sys-  
tem now in force, are considered ob-  
solete.

The E. E. Polk Hardware Store  
has moved from the room in East  
Second street to the room formerly  
occupied by the Bee Hive in Main  
street.

### GIVES THE CAUSE FOR MOST CRIME

Dr. J. A. McCuaig Says Cure is to  
Establish Proper Function of  
Home in Relation to Society

#### AS WELL AS TO INDIVIDUAL

What is Styled Masterpiece of His  
Pulpit, "The Voice of God," to  
be Delivered Tonight

Dr. J. Aspinall McCuaig recited  
the causes for the most crime among  
men before an audience that filled  
the St. Paul's M. E. church last  
night and declared the cure to be the  
establishment of the proper function  
of the home in relations to society  
and the individual as well.

At 7:30 o'clock tonight in the same  
church Dr. McCuaig will deliver that  
which has been styled the master-  
piece of his pulpit, "The Voice of  
God." In the city of Wheeling, W.  
Va., this address was delivered three  
times by special request, and each  
time to great audiences.

At 3 o'clock tomorrow afternoon  
Dr. McCuaig will give the fourth of  
his eugenics lectures to women. The  
subject will be "Hereditity."

"The great preponderance of crime  
among men," Dr. McCuaig declared,  
last night, "has its root in sexual  
perversion."

He demonstrated this position not  
only from the scientific data obtained  
in the statistics of penology, but quoted  
parallel extracts from the scrip-  
ture that confirmed his declarations.  
He said that "crime will never be  
truly estimated till we learn that  
crime, as commonly designated, is  
but the outward indication of a moral  
deflection. It naturally follows,  
therefore, that the chief point of  
moral divergence is likely to be the  
chief source of crime."

The main argument of the lecture  
was to establish the proper function  
of the home in relation to the indi-  
vidual and to society. Next to the in-  
stinct of self-preservation the most  
universal instinct was shown to be  
the family instinct. The family ideal  
was defined as "the strength of all  
for the help of the weakest."

In the development of the home  
ideal Dr. McCuaig said:

"There is a force in all living  
things that tends to mateship. This  
force is as irresistible as the force of  
gravitation. A family in us instinc-  
tively in the heart of every child as  
the promise of it is established in  
the organism of every child. The im-  
pulsion of a man and a woman is the in-  
stitution of a human family and a  
home. The spirit, soul and body of  
home life is love. The true fruit of  
human love is children—that bring  
more love. The great function of the  
home is to meet the need and chang-  
ing requirements of each member of  
the family. The perfect evolution of  
full and happy homes would keep  
men right personally, religiously and  
politically."

A telling picture was drawn of the  
ideal home—"a place of many child-  
ren, of all the best things, of one law  
written in the heart of every mem-  
ber. A place of freedom, of hospi-  
tality, of broad outlook, of God, es-  
tablished there by Bible story, prayer  
and song."

"Against the flood of social evil in  
the world the only reinforcement of  
the race is in the hands of mothers  
in the training of their children," the  
speaker declared.

In pressing home this truth, Mr.  
McCuaig declared:

"To develop the family instinct in  
the child is the high function of  
motherhood. To teach the child that

## THE RUSH COUNTY MUTUAL LIVE STOCK COMPANY

Will be organized at Rushville, Indiana. Meeting to be called at 10:00 a. m., sharp, on

**Thursday, February 1st, 1917,**

To those who have already taken a membership, we insist that you be at the assembly room, in the court house, on the above date, and assist in organization. To those who have not taken a membership, you may secure same through Joseph Stevens of Jackson township; Herschell Gilson, Center township; Bert Dalrymple of Ripley township; John McKee of Noble township; L. R. Webb, Rushville, at his office every Saturday, all day. To those who have not taken membership up to day of organization, can come in on that date and become members. In fact, we invite everyone to come, as we feel this to be one of the greatest benefits to Rush county farmers that has ever been established. Don't forget that the charter membership fee is only \$3.00. It will no doubt be \$5 after organized—so come and lend a helping hand toward making this one of the great organizations of Rush county, as you know in "Union there is Strength." To those who have taken a membership, you now being a part of the company, we feel it your duty to insist on your neighbor joining. Bring him with you on February 1st, as the larger the membership, the stronger the company, and the greater the benefit.

## REALITY TRADE ENJOYS A BOOM

Transfers For First Half of January Shows Increase in Business Last Few Weeks.

### CONSIDERATIONS ARE LARGE

Total \$80,792.48 Not Only Because of Large Sales But Because here Are Many of Them.

The realty trade in Rush county enjoyed a distinct boom the first of this year, records at the county recorder's office for the first half of January reveal. The considerations totalled \$80,792.48, which is much larger than the considerations in any period of similar length for some time. There were several large farm and city sales. The transfers follow:

The Central Trust and Savings Co., Gdn to Charles C. Brown, 75 acres in Washington Twp., \$7,500.

For Those Who Suffer  
Pain in Stomach,  
Back or Joints.

(By SAMUEL HAMILTON, M. D.)

In recent years investigation made by means of X-rays, the observations of scientists such as Cannon, Grutznier, Pavlov, Fowler, Hawk, prove that an abundance of water is necessary in good bodily housekeeping. To drink a pint of hot water before meals is good practice, and those suffering from a catarrhal condition of the stomach will find benefit in adding about 10 grains (one-sixth of a level teaspoonful) of baking-soda, drinking it an hour before each meal.

If your kidneys are sick, or you suffer with lumbago or rheumatism at times, pain in the back or back of the neck, take a little Anuric before meals. Anuric (double strength) can be found at any good drug store, and was first discovered by Dr. Pierce, of the Surgical Institute in Buffalo, N. Y.

When run-down, when life indoors has brought about a stagnant condition in the circulation—most everyone is filled with uric acid—especially is this so of people past middle age. This uric acid in the blood often causes rheumatism, lumbago, swelling of hands or feet, or a bag-like condition under the eyes. Backache, frequent urination or the pains and stiffness of the joints and high blood-pressure are also often noticed. Everyone should drink plenty of pure water and exercise in the open air as much as possible. I have found that Anuric is an antidote for this uric acid poison and that it will dissolve the accumulation of uric acid in the body much as hot water dissolves sugar—(Adv.)

Several from here attended the funeral of Mrs. Etta Poston at New Salem, Friday.  
Mr. and Mrs. Verne Lewis were shopping at Rushville Tuesday.  
John Ryan was a business visitor at Milroy Thursday afternoon.

**New Salem.**  
Protracted meetings are still in progress at the M. P. church.  
Miss Myrta Shriner went to Brookville Saturday where she will

WILL PROVIDES \$200  
FOR SPANISH BIBLES

In Order to Carry Out Wishes of  
Rachel P. Hill, of Carthage  
Real Estate Must be Sold

EXECUTOR FILES PETITION

In order to purchase \$200 worth of Bibles printed in Spanish, as provided in the will of the late Rachel P. Hill of Carthage, the executor of the estate, William P. Henley, has filed a petition in circuit court asking an order to sell real estate, claiming there is not sufficient funds to carry out this provision unless the property is sold. Mrs. Hill also bequeathed the sum of \$50 to the African Methodist church and the Wesleyan Methodist church of Carthage.  
The petition sets out that the property, a lot in Carthage, is worth about \$600 and this is the only property that can be disposed of to get the necessary funds as called for in the will. Mrs. Hill in her will made provision for the purchase of \$200 worth of Spanish Bibles that are to

visit for about four weeks.

Mr. and Mrs. Robert Crowdy of north of Glenwood were the guests of Mr. and Mrs. Fred Maple Saturday evening and Sunday.

A. J. Perkins motored several farmers to Richmond Monday on a business trip.

Mrs. Amanda Armstrong is very ill at her home here.

Miss Vera Stone of Connersville is spending the week with her sister, Mrs. Bessie Williams, and family.

Quite a bit of excitement was caused by the burning of Murphy & Son's huckster wagon. The top of the wagon and contents were burned. The gears were not damaged much. The wagon was well loaded with groceries and was a considerable loss to Mr. Murphy and son.

Mr. and Mrs. Del Cameron and Mr. and Mrs. John Ricketts will leave Thursday for Arkansas for several weeks vacation. Garrett, son of Mr. and Mrs. Ricketts, and Mrs. Martha Dent of Glenwood, sister of Mr. Ricketts, went about two weeks ago.

Glenwood

A number of employes of Connersville factories who live here were compelled to quit work when the levee of the canal broke loose and flooded a large district.

The Laurel basketball team was defeated by the Glenwood basketball team in the local gymnasium, 25 to 6. The score the first half was 6 to 6 but Laurel was unable to score the last half.

Lewis Matney and A. P. Reynolds were theater-goers in Indianapolis Wednesday night of last week.

Ersine Dailey and William Combs are buying stock out of Connersville.

Charles Combs mashed the little finger of his right hand last Thursday and was unable to work for several days.

The Rev. Daniel Ryan preached an excellent sermon from the text, "I am the God of Isaac and Jacob. I am the God of the living, not the dead," at the M. E. church Sunday morning. No services were held at night.

A party of seventeen girl students of Embury school near Connersville were entertained at a chicken dinner Saturday evening at the Glenwood Inn.

Mrs. Jeffery is suffering with a severe attack of pneumonia.

There is only one vacant house in Glenwood at present.

Sabbath school was held at the U. P. church Sunday afternoon.

be distributed by the missionaries in Central and South America.

TO CONFER ON PRINT PAPER

(By United Press.)  
Washington, Jan. 24.—To confer with Canadian officials regarding reported action of the Canadian government in fixing news print paper prices to publishers at a ten dollar increase over last year, commissioners of the federal trade commission will go to Ottawa, it was announced here today.

WANT ADS BRING RESULTS

7 PERSONS HURT  
(By United Press.)

Oil City, Pa., Jan. 24.—Seven persons were injured, several of them passengers in the Pennsylvania railroads on the outskirts of Oil City today when a passenger train jumped the track and was partially wrecked by a freight.

The supper being given by the B. Y. C. D. class of the First Baptist church tomorrow evening will begin at 5 o'clock and continue for a couple of hours. Oyster soup, sandwiches, and coffee will be served.

**OLD-TIME COLD CURE—  
DRINK HOT TEA!**

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

**RUB RHEUMATISM FROM  
STIFF, ACHING JOINTS**

**Rub Soreness from joints and muscles  
with a small trial bottle of  
old St. Jacobs Oil**

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Linger up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

**CAR OWNERS!**

You are interested  
in our announcement of  
the arrival of

**AMBU**

The machine that enables you to locate starting and lighting trouble easily and thereby saves you money.

We do not use the guesswork way—

But we use **AMBU** The scientific way:

which means we save you from 10 to 20 hours in repair bills when you have trouble. You can save expense and trouble by having your car tested each month. Troubles not apparent will be found and eliminated before great damage is done.

**BUT WE DO MORE THAN THAT.**

By our monthly inspection service, we catch and stop non-apparent troubles before great damage is done. This scientific service is possible because we have "inside information" about the miniature electric plant on your car—a complete knowledge of its construction—wiring diagrams showing every wire on your car, and AMBU, the systematic, tester and trouble finder.

This is another example of our desire to secure for the car owner, the newest and most valuable service-inventions in the electric engineering field.

## A Mushroom and a Toadstool

there isn't really very much difference between them—until after you have eaten them.

This same difference applies to our business. There is all the difference in the world between ordinary tailoring, and our modern methods of dry cleaning and pressing. Clothes that are given our treatment always last longer and look nicer than when only pressed.

We make a speciality of dry cleaning and pressing all kinds of clothing, ment. Any repairing or alternations can well be taken care of by this expert.

Mr. Frank Hageny, the best tailor in Rushville, is in charge of our tailoring department. Any repairing or alternations can well be taken care of by this expert.

## LEGISLATURE PAYS TRIBUTE TO GREENE

Resolutions of Condolence Over Death of Senator Drawn up in Senate and House Today

SPECIAL ELECTION FEB. 6

(By United Press.)

Indianapolis, Ind., Jan. 24.—In brief sessions today both houses of the legislature paid high tribute to the memory of Senator William P. Greene, of Albino, who died of pneumonia last night. Resolutions of condolence were drawn up in both the house and senate.

The house held a short business session, hearing only reports of various committees and then adjourned until tomorrow.

Governor Goodrich announced today that he plans to call a special election for Tuesday February 6 to fill the vacancy caused by Greene's death.

Senator Greene first became ill while at the Senate session last Friday, but it was not until Saturday morning that he went to the hospital. He first believed that he was a victim of lagrippe, but when he reached the hospital he diagnosed his case as pneumonia and directed that a physician be summoned. He was quite ill from the start, though his condition was regarded as satisfactory until Monday evening, when the illness extended. With double lobar pneumonia his fight for life was made difficult.

The senator himself, clung to a hope all of yesterday that he would yet be successful in combating the disease, but his son, Dr. John W. Greene, who reached here Monday and three Indianapolis physicians who attended the senator, considered last evening that his death was only a question of hours.

Senator Greene, who is a republican, was elected last November from the senatorial district composed of Lagrange, Noble and Steuben Counties.

## THAT JAR OF MUSTEROLE ON THE BATH-ROOM SHELF

Has Relieved Pain for Every One in the Family

When little Susie had the croup; when Johnny got his feet wet and caught cold; when father sprained his knee; when granny's rheumatism bothered her—

That jar of Musterole was right there to give relief and comfort.

Musterole is a clean, white ointment, made with oil of mustard. It will not blister like a mustard plaster.

Quick relief for sore throat, bronchitis, tonsillitis, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia). Try Musterole for croupy children.

Oyster soup, 20 cents, sandwiches, 5 cents, and coffee, 5 cents, will be sold at the supper at the First Baptist church tomorrow evening. Given by the B. Y. C. D. class. Begins at 5 o'clock.

## TOURNAMENT TO BE AT RICHMOND

District Meeting to Select Winner for State Basketball Event to be Held in March

RUSHVILLE LOSES OUT AGAIN

Plans are Going Forward for Invitational Tournament Here Feb. 24—8 Quintets Invited

Rushville lost out in its attempt to land the district basketball tournament. Announcement has been made that the tournament will be held in Richmond in March. The efforts of Rushville were very feeble, several of the school authorities believing that this city could not handle the event. This year there will be twenty district centers. Newcastle was selected as one of these centers as well as Richmond. Rushville will compete with Richmond, Brookville, Winchester and other teams practically the same as in former years with the exception of Newcastle.

With the loss of this tournament the school officials are now going ahead with the plans for the tournament to be held here on February 24. Every effort will be made to make this event a success and from the teams that will take part some good basketball should be displayed.

Eight teams have agreed to take part in the tournament at the invitation of Rushville, Shelbyville and Greensburg. In addition to these three teams others in the tournament will be Morristown, New Palestine, Newcastle, Connersville and Milroy. With eight teams, two games will be played in the morning, two in the afternoon and the final game at night.

Jumbo Stehm, football coach and athletic director of Indiana University, has consented to act as referee at the games and his presence should add interest to the event. Stehm is recognized as one of the greatest coaches in the country.

The same plan will be followed this year as last. A cup will be awarded to the winning team. The season tickets will sell at fifty cents and single admissions at twenty-five cents.

The next game on the local's schedule is with Newcastle here Friday night. The only line of hope on the strength of the two teams is through comparative scores with Richmond. Richmond defeated Newcastle and Rushville by practically the same margins and from this the two teams seem to be evenly matched. Coach Masters predicted today that the game would be the best played on the home floor this season and for this reason a record crowd is expected.

## POSTOFFICE LOSES 3 GAMES TO K. OF P.

City League How They Stand			
	W.	L.	Pct.
K. of P.	6	0	1.000
Masons	2	1	.666
Postoffice	1	5	.166
Elks	0	3	.000

The Knights of Pythias team in the City bowling league "cleaned up" on the Postoffice team last night winning three games and thus continuing with a perfect average. The K. of P. team rolled its highest score in the first game with a total of 836 pins. They won the second game by a margin of two pins and came back in the third and rolled 821 against 707 for the postoffice. The scores follow:

Postoffice		
Sparks	192	176
Conde	135	100
Finley	121	151
Washington	137	101
Schotgen	178	179
Totals	763	707

Knights of Pythias		
Wolcott	142	185
Camp	153	116
Hogsett	212	169
Nipp	176	114
Trentpohl	153	125
Totals	836	709

LET THESE COLUMNS BE YOUR GUIDE

Style

and  
FIT

Why is it that one will sometimes see a shoe of beautiful design in the window which, when tried on looks shabby and unkept? A great many times it is because the shoe is made only for style and eye attraction, with no thought given to its fit. After style, fit is the all important feature.

WINSHIP & DENNING'S  
STYLE SHOES OF QUALITY

are beautiful to behold, not only in the window, but on the feet. Their designers know that perfect fit is absolutely essential to bring out their true style worth. Style shows of quality fit the beautiful curves of the feet smoothly. Consequently they look trim, and lend harmonious setting to stylish costumes, as well.

Wear style shoes of quality, and discover why they are preferred by the fashionable.

## Winship and Denning

# SOCIETY

### Social Calendar

#### Thursday

K. of P. dance in hall in the evening. Mitchell's orchestra.

Grand Club, with Mrs. Will M. Sparks at 434 North Main street in the afternoon.

Priscilla Art Club, with Miss Miriam Frye of Falmouth, in the afternoon.

D. A. R. with Mrs. Fred Caldwell at 321 North Morgan street, in the afternoon.

There will be a meeting of St. Mary's Bible class in the K. of C. hall on Thursday evening.

The members of the Emanon Club will be entertained on Friday afternoon by Mrs. Lenora Blackledge at 912 North Main street.

The members of the Friday Afternoon Embroidery Club will be entertained by Mrs. C. J. Tucker at her home on Friday afternoon of this week.

Mrs. Albert Winship and Mrs. Charles Mauzy are entertaining the members of the Happy-Go-Lucky Club and their husbands at the home of Mrs. Winship in North Main street this evening.

Mr. and Mrs. John K. Gowdy celebrated their golden wedding anniversary at their home in North Perkins street today. The day was spent pleasantly by Mr. and Mrs. Gowdy in receiving friends and their congratulations on the event.

Mr. and Mrs. Albert Allen and Perry Oneal leave tomorrow for a houseparty in Cincinnati to be given by Miss Helen Taylor. Tomorrow evening, Miss Taylor is giving a dance and on Friday evening, a dinner and theatre party.

The dances being given in the K. of P. series of informal parties this winter continue to grow in popularity. Tomorrow evening, another one is to be given. An added attraction is the fact that Mitchell's orchestra will furnish three pieces.

Miss Mary Louise Bliss leaves tomorrow for Oxford, Ohio, where she will be among the guests at the houseparty that the members of the Phi Delta Theta fraternity of Miami college are giving for their girl friends. The houseparty will continue over the week-end.

The principal matter of business brought up at the meeting of the Ladies Aid society of the Christian church held in the church parlors yesterday afternoon was the penny supper which will be given in the church basement on Friday evening, February 16th. The next meeting of the society will be held the 2nd Tuesday in February.

Several guests were entertained with the members of the S. E. T. Club by Mrs. George Helm at her home in West Third street yesterday afternoon. A delightful social afternoon was enjoyed by the twenty guests, during which the hostess served a delicious salad course. Mrs. W. S. Coleman will entertain the members of the club in two weeks.

### Mrs. Slack's Letter

#### To Mothers of Delicate Children

Palmyra, Pa.—"My little girl had a chronic cough and was so thin you could count her ribs and she had no appetite. Nothing we gave her seemed to help her, until one day Mrs. Neibert asked me to try Vinol, and now she is hungry all the time, her cough is gone, she is stouter and has a more healthy color. I wish every mother who has a delicate child would try Vinol.—Mrs. ALFRED SLACK.

We guarantee Vinol, to make delicate children healthy and strong. F. B. Johnson & Co., Druggists, Rushville, also at the leading drug store in all Indiana towns.—(Adv.)

# PHONE CASE COMES TO AN END TODAY

### Many Farmers Testify for Defense Regarding Service and Rates of Connersville Co.

#### FINAL WORD WITH THE JUDGE

The case of the Connersville Telephone company against the Public Service Commission, to annul or modify an order establishing rates, which has been on trial in circuit court since Monday ended this afternoon so far as the introduction of evidence is concerned. The defense presented its side of the case today, many farmers of Fayette county testifying regarding the service and rates of the company.

The evidence in the case will be certified to the commission by Judge Sparks and the commission within ten days will submit its report either sustaining the original order or modifying it. In case the order should be modified and then not be satisfactory to both parties the argument to the court would be made and his decision would then be final. Much of the evidence submitted in behalf of the commission was similar to that in the original hearing held at Connersville.

# Amusements

The Gem will show the drama "Main 4,400" for the first picture to-night. The second is entitled "His Own Nemesis." Tomorrow the next chapter of "A Lass of the Lumberlands" will be shown. On Friday the five reel comedy-drama "A Million for Mary" will be the offering.

Mable Taliaferro, one of the most popular young stars of both stage and screen will be seen at the Princess tonight in the stellar role of "The Snowbird," a five act feature. Aside from a strong story, the scenes are laid in an unusually picturesque locality, that of the Hudson Bay district of Canada, which has afforded opportunity for really wonderful photography. Miss Taliaferro is first seen as a society girl without a single worry in the world. Then her father meets with reverses in Wall street. In attempting to clear his name in a timber deal she is obliged to essay the role of a boy. Tomorrow Orrin Johnson and Edgar Lewis will be seen in the drama "The Light at the Dusk."

One of the most charming and welcome attractions to be offered this season at English's Opera House, Indianapolis, will be Booth Tarkington's latest play, "Mister Antonio," which is the starring vehicle this season of Otis Skinner. The play will be presented at English's Thursday, Friday and Saturday nights, and Saturday matinee, January 25, 26 and 27, with the entire original cast and production as it was presented for a long and successful run last season in New York.

"Mister Antonio" is said to be written in Mr. Tarkington's happiest vein. The story deals with the life and whimsical affairs of an Italian musician, sometimes an organ grinder. The plot fairly teems with the tenderness, pathos and humor, in the mingling of which Mr. Tarkington is a past master. There is too, it is said by those who have seen the play, an amount of sustained dramatic suspense to hold the absorbed attention of audiences from the first to the final curtain. To tell the story in its entirety would be unfair to those who wish to see it, and of course infinite charm is added to any story by Mr. Tarkington's method of telling it, and in this case, by Mr. Skinner's inspired characterization of the principal character. Suffice it to say, that "Mister Antonio" will live long in the memories of all who see him.

Mr. Skinner, as everyone who knows anything about players, is aware, is one of our greatest American actors. He holds a place in the front rank—many consider that the place he holds is the highest of all. His last great artistic characterization, previous to "Mister Antonio," was in "Kismet." His supporting company this season is said to be super-excellent, with a cast so well balanced that critics have been able

### DEMONSTRATION TO BE MADE AGAIN

Dry Workers' Plan Another Big Showing When Prohibition Bill Comes up for Passage

### SURE OF MAJORITY IN HOUSE

(By United Press.)

Indianapolis, Ind., Jan. 24.—Indiana dry workers are preparing for another great prohibition demonstration tomorrow when the Wright bill providing for state wide prohibition will be presented in the house for final action. Speaker Eschbach of the house today confirmed the statement that he would hand the bill down for third reading and passage tomorrow.

That the dry bill will pass the house by a large majority is practically certain. Interest today centered in senate action. Considerable apprehension was felt in both wet and dry circles over what committee, Lieut. Gov. Bash would send the bill to, when it reaches the upper house.

## HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.  
Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.  
Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.  
To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.  
Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.  
They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

—the tooth paste that protects your teeth. Use it twice daily. See your dentist twice yearly and keep your teeth in perfect condition

Get a tube today, read the folder about the most general disease in the world. Start the Senreco treatment tonight. 25c at your druggist. For sample send 4c stamp or coin to The Senreco Remedies Co., Cincinnati, Ohio.

## A DENTISTS FORMULA

## True Secret of Keeping Youthful Looking

(The Beauty Seeker.)  
"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face.  
"But to get liver and bowels working as they ought, without producing evil after-effects has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though, of course, it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'sentinel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentinel tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

**Sentinel Tablets**  
conquer constipation—  
liven up a lazy liver—  
banish biliousness— 10c and 25c; at druggists.

## LOST AND FOUND

## SAY SIX GERMAN DESTROYERS SUNK

Reports From Holland Declare Only Four Escaped From Engagement Monday Night

## WHAT GERMANY SAYS OF IT

(By United Press.)  
London, Jan. 24.—Persistent reports from Holland today were that from six to ten German destroyers had been sunk in Monday night's engagement between German and British sea forces. The dispatches said Dutch authorities were considering the internment of the German destroyer V-69 which arrived at Ymuiden barely afloat with many wounded German sailors.  
The German official statement reporting the engagement received today makes no mention of the loss of any German vessel aside from the one which is declared to have reached a Dutch harbor.  
One British destroyer was sunk, the German statement said. Except for the torpedo boat which made a Dutch port, the German flotilla returned to its base with slight losses, according to the official statement.

FOUND DYING IN  
HIS HOME TODAY

Noah Dawson; Age 78, Living a Mile  
East of Mays, Discovered Al-  
most Lifeless Today

EFFORTS TO REVIVE HIM FAIL

Noah Dawson, 78 years old, was found dying this morning by neighbors at his home, one mile east of Mays. Mr. Dawson lived by himself and had been complaining for about two weeks. This morning when nothing was seen of him about his place neighbors broke into the house and found him almost lifeless. Frank Huddleson was one of the first to find him and immediately called a physician. Mr. Dawson lived but a few minutes after the physician arrived. He died at nine o'clock this morning.

He had been suffering from a heavy cold and death is believed to have been caused by grip and heart disease. He leaves no relatives closer than cousins.

The funeral will be held tomorrow at 1:30 p. m.

DR. McCUAIG GIVES THE  
CAUSE FOR MOST CRIME

Continued from Page 1.

greater than all else in life is to mate and beget children, that they may beget children's children to the end of time and to the glory of eternity, this is the triumph of motherhood.

"We have forgotten that the first commandment of all commandments is—the fruitful and multiply." We have forgotten that many a name is enshrined in history of which the only thing worth recording is that the man lived and died and beget children. We have forgotten that when God would hold out to man the greatest good of all good things He promised, 'I will multiply thy seed as the stars of heaven, and as the sand which is upon the sea shore,' and that when He would give His best gift unto men, 'unto us a child is born, unto us a son is given.' We have forgotten the inwrought prayers of a million Hannahs who have cried unto God, 'If thou wilt look on the affliction of thine hand-maid and wilt give unto thine hand-maid a man child, then I will give him unto the Lord all the days of his life.'

"But unless the living seed of this fundamental truth of life be treasured and nurtured from whence shall come the harvest? Where will the child learn the true significance of marriage? That matrimony is an

MEETING THURSDAY 7 P. M.

Republican Candidates and City  
Committee to Hold Session

A meeting of the republican central committee, all candidates who seek a nomination in the coming primary and other republicans interested will be held in the city council chamber tomorrow evening at seven o'clock for consideration of plans for the primary. Attention is called to the fact that Monday, February 5 will be the last opportunity for candidates to file their declarations. Preparations have to be made also by the primary election commissioners, as soon as they are appointed, to print the ballots.

honorable estate instituted by God—That it is not by any to be entered into unadvisedly, lightly or wantonly, to satisfy men's carnal lusts and appetites, like brute beasts that have no understanding—That it was ordained for the procreation of children, to be brought up in the fear and nurture of the Lord. Where will the child learn the true significance of life?

"There were once 'plain, blunt' men in the world who held this truth, who declared it, who embodied it in form, who preached it publicly, who lived it, who condemned the ignorance that breeds infidelity to the home; but we have drifted into a strange 'niceness' about things, into a timidity that verges upon ineffectiveness. If we say the words we repeat them hastily, as though to get over them. We make no pause now between each letter to let the full hallowed import of the words sweep into the souls of our hearers. We are timid, timid to the verge of blood guiltiness. And if there be no light of truth and no responsibility of mother how shall our children learn?"

Emphasizing the importance of home teaching, especially of the sexual function and of the habits of self-control, the speaker said:

"Oh, the responsibility of motherhood—she is the sower and she is the reaper—for 'tears of failure' or 'shouts of triumph' whichever it may be, will be more her harvest than her child's. She in loneliness will eat the bitter fruit, or surrounded by the children of her children will sip the nectar. I make a prophecy tonight—The boy who learns the secrets of life from the gutter will tend to the gutter, and dripping with shame and defilement and loss will someday sink back into the gutter and pass into obscurity. But the boy who receives the truths of life from the love and prayers of a mother's heart will grow up pure and simple-minded and sweet. He will be worthy of a woman who also has been taught by her mother. They will be blessed with many children, and their children will rise up and call them blessed, and their children's children will rise up and call them blessed, and their children's children will praise and honor them.

"I bid you stand appalled tonight before the significance of the mother's responsibility. I bid you consider the seed of death that, through a mother's indifference, an enemy may sow in the mind of the child. From it will spring an awful tree. A tree that will bear many fruits, and every fruit will be for the damning of the nations—prostitution, disease, crime, divorce and the slaughter of a host of innocents. From such a harvest your sons will pass into the night—dark, dark, dark, awful night. Not a star to give light, not a flickering candle to break the darkness; night—black, black, black, crushing, hopeless, eternal night. Whatsoever a mother soweth that shall she also reap."

"The Care of the Boy," was the subject to which Dr McCuaig directed his attention, in the second of his series of lectures to women, yesterday afternoon.

Absolute cleanliness of body, wholesome and abundant outdoor exercise, careful cultivation of the home instinct and wise teaching and development regarding the instincts of fatherhood were the main agencies, according to Dr. McCuaig, for the proper development of the boy.

He urged strongly the necessity for exercise of every part of the body that all the blood centers may be fed properly.

Dr. McCuaig cautioned parents regarding the danger of making life too easy through their tender love for their boys, stating that too sheltered a life leads to morbidity for which

GUNN HAYDON

vigorous exercise is the safest counter-irritant.

Dr McCuaig spoke particularly of the importance of cultivating the home instinct in the lad. He urged that mothers should not teach their sons to have no part in the work of the household, on the ground that it is "woman's work," but to encourage the boys to render all the little services in the home to the mother and sisters, which would lighten their burdens.

"Teach them that personal service belongs no more to woman than to man," said Dr. McCuaig, "and that home is a special corporation where it is the duty and privilege of each who enjoys its benefits to help."

He stated emphatically that sex truth cannot be taught apart from the idea of God, and that sexual hygiene is a lesson on the great glory of fatherhood.

He urged that the boy be taught from babyhood that fatherhood is the greatest thing that can come to him, and especially should this sentiment be emphasized when the change comes in a boy's life, between the ages of 12 and 18 years.

Dr. McCuaig said that no boy between the age of 15 and 18 years should be sent off to school or college without a long, careful talk from his father regarding the dangers and pitfalls which will surround him, and without careful admonition and explanation of how to withstand these temptations.

## RUSH COUNTY FACES COAL FAMINE

### Dealers Have No Supply On Hands But Are Optimistic About Future

**Innis-Pearce and Park Furniture Factories Are Closed Because of Shortage Which May be Relieved in Few Days.**

#### SHIPMENTS ARE CONFISCATED

Several Cars Started to Local Factories are Reconsigning Before Reaching Destination

#### HAVE OTHERS ON THE WAY

Dealers and Managers are Hopeful That Governor Goodrich's Order Will Bring Results

Rushville today faces the worst coal famine in its history. With two factories closed down and coal dealers without a lump to sell, those familiar with the situation say that the shortage is more serious than ever before within their remembrance.

The Innis-Pearce and the Park furniture factories had to stop their machinery and the men were thrown out of employment because the coal supply was exhausted. Will Tremmepohl was the only coal dealer with even a lump and that is all sold, so that in reality he has none. Mr. Tremmepohl has about a half car load standing on the track but has orders for all of it.

The railroads are blamed for the shortage. The factory managers are optimistic about the outlook because of the order issued by Governor Goodrich Monday afternoon which is calculated to relieve the famine. The order was that coal should be given preference by Indiana railroads over all classes of shipments except live stock and that reconsignment charges should be made so high for a period of sixty days that it would be unprofitable to reconsign coal. The order further said that Indiana coal cars should be used only for the transportation of coal during the period of two months.

The city power plant was in no danger. It was stated by Superintendent Mahin this morning that there was a supply on hands that would last four or five weeks.

The Indianapolis & Cincinnati Traction company is in no immediate danger. It was said at the power plant this morning that the supply would last for several days at least.

The Innis-Pearce and Park furniture factories attributed their shortage to the fact that some of their coal shipments have been confiscated. Robert A. Innis said this morning that the two factories might not be closed down more than a day or two because they had coal coming. The practice of confiscating coal has been common this winter because of the scramble for this sort of fuel. Many cases are known where several cars of coal have been reconsigned before they reached their destination.

The coal situation all winter has been the worst ever experienced here. The scarcity of soft coal has been exceeded only by the scarcity of hard coal. The lack of hard coal has resulted in many Rushville people this winter doing away with their hard coal burners entirely and depending on gas or soft coal for heat. More houses have been warmed by gas than for many years in Rushville.

The coal famine has been so severe that one coal firm became disgusted with the whole business and discontinued handling that kind of

#### SPRING CLEAN-UP UNNECESSARY WITH COAL PRICES SOARING

Clean-up day will be the relic of the dark ages if another winter such as the present is passed. The belief has been voiced by many that a general cleaning up in the spring would be needless because everything in sight was being burned up this winter, due to the shortage and high price of coal.

No small piece of wood escapes the "eagle eye" of your Mr. Householder these days when he goes scavenging for fuel. With the price of coal soaring between six and seven dollars, no one is going to blame the householder if he burns up the back steps or anything else in sight. Everything imaginable has been consigned to the coal stove and the furnace.

fuel. The Reynolds Manufacturing company had such poor luck in its efforts to get coal that it decided to devote the energy of its employees in other directions. Other coal dealers have met with the same perplexing difficulties. It has not fallen to their lot to make more money; instead they have been what is commonly termed the "goats." They have been worried by the continual demands of their patrons and the latter class can not be blamed in any measure for wanting to keep warm.

"The coal famine is the worst within my remembrance," said a coal dealer this morning. "I don't think there ever was a time when the city was in the same position as it is today. There isn't a lump of any kind of coal which can be bought in Rushville."

That the coal shortage is to be blamed for the condition has been proved on several occasions this winter. A Rushville dealer in coal and other articles recently ordered some tankage. When it did not come, he made further inquiries and was informed by the company, which is a concern doing a large business, that it had not had but one car in three weeks.

Many commented on the fact that it was fortunate the weather was mild. There is no doubt but that the suffering would be great if the temperature was near zero and the condition which obtains today continued for several days.

#### ADJOURNS TO WASHINGTON

House Note "Leak" Committee to Hold Further Hearings

(By United Press.)  
New York, Jan. 24.—The house note "leak" committee this afternoon adjourned its session to Washington. There it will hold another meeting and announce the time of resuming here. This action came after the committee had been informed that it might be impossible to get stock exchange records as quickly as desired. The stock exchange was asked to use a form of presenting this information that would expedite returns.

### Conditions the Same Elsewhere In Rush County

Dealers in Small Towns Have Coal on the Way but do Not Know When it Will Arrive

#### GLENWOOD SUPPLY ALL GONE

Falmouth is in Same Condition and Mays and Milroy Have Only a Small Amount

The same conditions exist in the smaller towns of the county as in Rushville regarding the coal supply. All of the dealers have plenty on the way; some expect a car, by Friday, others by Saturday, but in the end they admit that it is mere speculation as to just when the cars will arrive.

"One firm in Milroy was entirely out of coal today while another there had only a small supply. Both dealers were expecting a car any time."

Coal was not to be had in Glenwood. The coal yards were empty. The dealer stated that he expected a car of soft coal by Friday and not later than Saturday.

Falmouth was in the same shape as Glenwood. The two dealers in this town had no coal today. The dealers were not very optimistic and declared that while they had coal on the way it might arrive in two days and again it might not get in for two weeks.

Mays had a small supply of coal and the dealer was confident that he would receive another car the last of the week. This dealer received a car of hard coal yesterday but had it sold before it arrived. He admitted that his supply of soft coal was very low and that if a car did not arrive within the next two days the town would be without a supply of this kind of coal.

Like a lighthouse to a ship lost in a storm were the two cars of soft coal which arrived in Manila this morning. The supply there was just about exhausted when the shipment reached there today and residents of the town had visions of facing the alternative of freezing or burning wood or any other fuel that could be improvised.

The supply of coal at Carthage will not last more than two days, according to conservative estimates today. R. S. Hill, the only dealer there, said that he had just two cars of coal left, one hard and the other soft. He said he had some promised and that it would require four days for it to reach its destination once it was shipped.

#### SERVED THEM ALL RIGHT

Elkhart Women Buy Furs From Edith Mill Who Is Fined for Fraud

(By United Press.)  
Elkhart, Ind., Jan. 24.—Edith Mill and her daughter Ida were fined \$32 each in superior court today when they pleaded guilty to fraudulent advertising. The women advertised \$65 furs for sale at \$12. Detectives found the furs were not worth more than \$7. A large number of bargain hunters were "stung" by the women's scheme it was stated.

### LEFT WAY OPEN FOR DISCUSSION

Senate Today Failed to Act on Resolution Providing for Debate on Wilson's Speech

#### EXTRA SESSION IS PROBABLE

Senator Cummins, Who Introduced it, Says he Will Call up Motion at Every Opportunity

By ROBERT J. BENDER  
(U. P. Staff Correspondent.)

Washington, Jan. 24.—Failing to act on Senator Cummins' resolution providing for debate on President Wilson's senate speech last Monday, the senate this afternoon left the way open for general discussion of the president's ideas at any time.

While effectually preventing for today passage of the Cummins resolution, Senate democrats failed to eliminate the "danger" of prolonged discussion on the president's ideas.

Following the senate's failure to act on the motion, Cummins declared he will take advantage of his privilege to call up the resolution at every chance afforded him.

The senate faces the probability of an extra session if Cummins carries out his threat.

Senator Sherman of Illinois, in a bitter denunciation of the president's address, declared it to be a "stunning speech from the throne, a forestalling of public opinion and an attempt to make the senate accept any treaty he might make."

#### SENATE SPEECH FAVORED

Germany Officially and Publically Likes Wilson's Address

By CARL W. ACKERMAN  
(U. P. Staff Correspondent.)

Berlin, Jan. 24.—President Wilson's senate speech was telegraphed to the kaiser and Field Marshall Von Hindenburg at the front today. Ambassador Gerard conferred with Foreign Secretary Zimmermann last night and cabled the state department at Washington an outline of the German foreign office's impression of the statement.

The president's sentiments are viewed with favor publicly and officially. Informal discussion by foreign officials, however, developed the belief that Germany can not take official cognizance of the address. This belief is based on the fact that allies reply to President Wilson has never been officially received by Germany and because it is believed Germany can not make further moves for peace after the insulting reply to her own peace suggestions made by the allies.

Men in responsible positions today expressed their satisfaction over the president's argument for "freedom of the seas." From the first Germany has insisted this was the biggest question involved. Germany had also shown she favored an independent Poland, another point on which the president laid stress.

#### KEEPS UP HUNGER STRIKE

(By United Press.)  
New York, Jan. 24.—Mrs. Ethel Byrne, sentenced to jail for 30 days for distributing birth control information, started her third day of "hunger-striking" today. The commissioner of corrections declared she would be fed forcibly if necessary.

### WANT CHANGE TO REMIT BY CHECK

Business Men Argue Water Statements Should Show Sum Due Instead of Just Amount Used

#### MUST CALL AT THE OFFICE

Under Present System Can't Compute Bill and Pay in by Method All Others are Paid

The city treasurer's office was swamped with business today. People who were on the list of 200 that had not paid their water bills, but had not yet been reached by Superintendent Mahin, reached the office early this morning in an effort to pay up and avoid having their water cut off. Others appeared at the office to have the water turned on, which meant that they paid the water bill and an additional \$1 for the turning on process.

The cutting off of the water yesterday caught several business men and as a result several complaints have been heard regarding the system now employed by the city in retarding the meters. These business men term the present system as unbusiness-like, and to facilitate the matter of paying they would have the meter reader leave the amount of the water bill with the consumer instead of only the amount of water used.

It was pointed out by one business man that under the present system, the consumer using more than the average household could not pay by check as he had no way of knowing the amount of his bill. "Nowadays when the busy merchant pays almost every bill from his desk by check, using the mails as his messenger boy, the city's plan cannot be recommended," said one merchant this morning, "because he cannot figure out his water bill." This man had three different rates to use in computing his water bill and without the rates being printed on the meter statement it was hard for him to pay his bill in the usual manner.

The rates provide for a minimum of \$1. Then the rate is \$1.85 per thousand cubic feet for the first three thousand. The next three thousand cubic feet is at a rate of \$1.50 a thousand and the next 5,000 at \$1.25 a thousand. After this the next 5,000 is at \$1 and the next 10,000 and over at seventy-five cents a thousand cubic feet. The statements as now left after the meters are read do not contain the rates and where there are several different rates to be considered it is next to impossible for the merchant to figure out his water bill and send a check for the amount. As a result he soon forgets about it and then along comes the city and cuts him off.

"If we are going to have a business administration," said this merchant, "let's do things in a business way. The council should by all means change the meter slips and let the man who reads the meter put the exact amount of the water bill in dollars and cents, not in cubic feet." The city's electric statements contain the rates and the people can easily figure out the amounts of their bills, but the water statements do not contain the rates, and under the system now in force, are considered obsolete.

The E. E. Polk Hardware Store has moved from the room in East Second street to the room formerly occupied by the Bee Hive in Main street.

### GIVES THE CAUSE FOR MOST CRIME

Dr. J. A. McCuaig Says Cure is to Establish Proper Function of Home in Relation to Society

#### AS WELL AS TO INDIVIDUAL

What is Styled Masterpiece of His Pulpit, "The Voice of God," to be Delivered Tonight

Dr. J. Aspinall McCuaig recited the causes for the most crime among men before an audience that filled the St. Paul's M. E. church last night and declared the cure to be the establishment of the proper function of the home in relations to society and the individual as well.

At 7:30 o'clock tonight in the same church Dr. McCuaig will deliver that which has been styled the masterpiece of his pulpit, "The Voice of God." In the city of Wheeling, W. Va., this address was delivered three times by special request, and each time to great audiences.

At 3 o'clock tomorrow afternoon Dr. McCuaig will give the fourth of his eugenics lectures to women. The subject will be "Heredity."

"The great preponderance of crime among men," Dr. McCuaig declared last night, "has its root in sexual perversion."

He demonstrated this position not only from the scientific data obtained in the statistics of penology, but quoted parallel extracts from the scripture that confirmed his declarations. He said that "crime will never be truly estimated till we learn that crime, as commonly designated, is but the outward indication of a moral deflection. It naturally follows, therefore, that the chief point of moral divergence is likely to be the chief source of crime."

The main argument of the lecture was to establish the proper function of the home in relation to the individual and to society. Next to the instinct of self-preservation the most universal instinct was shown to be the family instinct. The family ideal was defined as "the strength of all for the help of the weakest."

In the development of the home ideal Dr. McCuaig said:

"There is a force in all living things that tends to mateship. This force is as irresistible as the force of gravitation. A family in us instinctively in the heart of every child as the promise of it is established in the organism of every child. The union of a man and a woman is the institution of a human family and a home. The spirit, soul and body of home life is love. The true fruit of human love is children—that bring more love. The great function of the home is to meet the need and changing requirements of each member of the family. The perfect evolution of full and happy homes would keep men right personally, religiously and politically."

A telling picture was drawn of the ideal home—a place of many children, of all the best things, of one law written in the heart of every member. A place of freedom, of hospitality, of broad outlook, of God, established there by Bible story, prayer and song.

"Against the flood of social evil in the world the only reinforcement of the race is in the hands of mothers in the training of their children," the speaker declared.

In pressing home this truth, Mr. McCuaig declared:

"To develop the family instinct in the child is the highest function of motherhood. To teach the child that

Col. G. P. Hunt acted as inspection officer last night at Connersville when he inspected Carabian Company, No. 17, Uniform Rank, Knights of Pythias. The installation of officers also took place. Capt. George Coons, General Trabue and Charles Green of the local company accompanied Col. Hunt to Connersville.

## THE RUSH COUNTY MUTUAL LIVE STOCK COMPANY

Will be organized at Rushville, Indiana. Meeting to be called at 10:00 a. m., sharp, on

**Thursday, February 1st, 1917,**

To those who have already taken a membership, we insist that you be at the assembly room, in the court house, on the above date, and assist in organization. To those who have not taken a membership, you may secure same through Joseph Stevens of Jackson township; Herschell Gilson, Center township; Bert Dalrymple of Ripley township; John McKee of Noble township; L. R. Webb, Rushville, at his office every Saturday, all day. To those who have not taken membership up to day of organization, can come in on that date and become members. In fact, we invite everyone to come, as we feel this to be one of the greatest benefits to Rush county farmers that has ever been established. Don't forget that the charter membership fee is only \$3.00. It will no doubt be \$5 after organized—so come and lend a helping hand toward making this one of the great organizations of Rush county, as you know in "Union there is Strength." To those who have taken a membership, you now being a part of the company, we feel it your duty to insist on your neighbor joining. Bring him with you on February 1st, as the larger the membership, the stronger the company, and the greater the benefit.

## REALITY TRADE ENJOYS A BOOM

Transfers For First Half of January Shows Increase in Business Last Few Weeks.

### CONSIDERATIONS ARE LARGE

Total \$80,792.48 Not Only Because of Large Sales But Because here Are Many of Them.

The reality trade in Rush county enjoyed a distinct boom the first of this year, records at the county recorder's office for the first half of January reveal. The considerations totalled \$80,792.48, which is much larger than the considerations in any period of similar length for some time. There were several large farm and city sales. The transfers follow:

The Central Trust and Savings Co., Gdn to Charles C. Brown, 75 acres in Washington Twp., \$7,500.

Chase P. and Florence R. Mauzy, to Rudolph F. Scudder, Trustee, 82 85/100 acres in Jackson and Union Township, \$10,000.

Rudolph F. Scudder, Trustee, to Florence R. Mauzy, 82 85/100 acres in Jackson and Union Twp's., \$10,000  
Floyd H. Gerber, Guardian, to Harvey T. White, undivided 1/2 interest in 40 acres in Ripley Twp., \$1,333.33

Isaac M. Gerber, et al., to Harvey T. White, undivided 3/4 interest in 40 acres in Ripley Twp., \$2,666.66.  
John A. Knecht and Edmund Gartin to Lillie M. White, west 1/4 of lot 57 in Carthage, \$300.

Alonzo L. Stewart et al., to William Davis, Tracts 13 and 14 in Stewart Tompkins, Amos and Inlow's Subdivision, in Rushville Twp., \$400.

Clara E. and Elijah A. Matney to William J. Schankel, 53 acres in Noble Twp., \$5,000.

Alice A. and Bryce D. Fort to Charles V. Fort, et al., 51 acres in Center Twp., \$1 and love and affection.

Ann Francis Westerfield to August Ebbing, a parcel of land in Walken Twp., \$700.

Chas. W. and Nellie Zike to August Ebbing, lots 26, 27, 28 and 29, in Jinnett's Addition to Manilla, \$312.50.

Lurissa A. Power, et al. to William T. and Mabel Crawford, undivided 1/4 of lot 2 in the original plat of Milroy, \$900.

Lillie M. Rea to Charles L. and Ruth McElfresh, lot 17 in Lillie M. Rea's unrecorded plat of Falmouth, \$175.

Viola Linstott to Chester G. Hill, a part of lot 2 in the original plat of Carthage \$1.00.

Wilfred E. and Nelle F. Catt to Mary E. Stanley, lot 8 and east 1/4 of lot 10 in the original plat of Burlington (now Arkington) \$1,700.

Stella M. Arnold to Marshall and Martha Cooper, 2 acres in Jackson Twp., \$850.

Mary and Margaret Seanlan to John C. and Hannah L. Sexton, part of lot 10 in H. G. Sexton's Addition to Rushville, \$1,000.

Bert L. Trabue et al. to Sylvia C. Trabue, part of north half of lot 31 in Geo. C. Clark's First Addition to Rushville, \$3,750.

Jesse W. Guire to Alexander and Mike Katsaros, lots 16 and 17 in Cherry Grove Addition to Rushville, \$1 etc.

Jacob J. Clifton et al, executor will of Sam'l F. Clifton to Jennie A. Ryon, south half of lot 53 in H. G. Sexton's Heirs Addition to Rushville \$1,800.

Arthur L. Turner, Guardian, to Jennie A. Ryon, the undivided one-half of two-thirds of one-seventh of the south one-half of lot 53 in H. G. Sexton's Heirs Addition to Rushville, \$85.71.

Isaac N. Stevens, guardian to Jennie A. Ryon, undivided one-seventh of the south half of lot 53 in H. G. Sexton's Heirs Addition to Rushville, \$257.14.

Maudie Clifton, guardian, to Jennie A. Ryon, undivided one-seventh of the south half of lot 53 in H. G. Sexton's Heirs addition to Rushville, \$257.14.

Bert L. and Sylvia C. Trabue, to Mary J. Trabue, east one-half of lot 4 in L. Sexton's Heirs first addition to Rushville and a part of lot 5 in the same addition, \$4,000.  
Mary C. and John R. Henry, et al.

Bert Davidson was operated upon this morning at the Sexton Sanitarium for appendicitis. He was taken ill suddenly last evening, and hurried to the hospital this morning.

For Those Who Suffer Pain in Stomach, Back or Joints.

(By SAMUEL HAMILTON, M. D.)

In recent years investigation made by means of X-rays, the observations of scientists such as Cannon, Grainger, Pavlov, Fowler, Hawk, prove that an abundance of water is necessary in good bodily housekeeping. To drink a pint of hot water before meals is good practice, and those suffering from a catarrhal condition of the stomach will find benefit in adding about 10 grains (one-sixth of a level teaspoonful) of baking-soda, drinking it an hour before each meal.

If your kidneys are sick, or you suffer with lumbago or rheumatism at times, pain in the back or back of the neck, take a little Anuric before meals. Anuric (double strength) can be found at any good drug store, and was first discovered by Dr. Pierce, of the Surgical Institute in Buffalo, N. Y.

When run-down, when life indoors has brought about a stagnant condition in the circulation—most everyone is filled with uric acid—especially is this so of people past middle age. This uric acid in the blood often causes rheumatism, lumbago, swelling of hands or feet, or a bag-like condition under the eyes. Backache, frequent urination or the pains and stiffness of the joints and high blood-pressure are also often noticed. Everyone should drink plenty of pure water and exercise in the open air as much as possible. I have found that Anuric is an antidote for this uric acid poison and that it will dissolve the accumulation of uric acid in the body much as hot water dissolves sugar—(Adv.)

**LISTEN TO THE EVERWELLS**

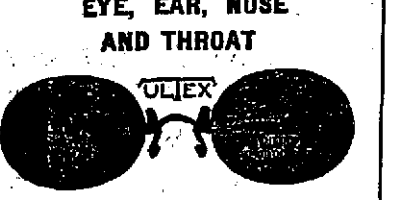

Prescriptions filled with proper care At prices that I'm sure are fair! Pa. Everwells!

These folks show a fine regard for their public duty by the conscientious manner in which they put up prescriptions. I never lose an opportunity to say a good word for them.

Protracted meetings are still in progress at the M. P. church.  
Miss Myrta Shriner went to Brookville Saturday where she will

WILL PROVIDES \$200 FOR SPANISH BIBLES

In Order to Carry Out Wishes of Rachel P. Hill, of Carthage Real Estate Must be Sold

EXECUTOR FILES PETITION

In order to purchase \$200 worth of Bibles printed in Spanish, as provided in the will of the late Rachel P. Hill of Carthage, the executor of the estate, William P. Healey, has filed a petition in circuit court asking an order to sell real estate, claiming there is not sufficient funds to carry out this provision unless the property is sold. Mrs. Hill also bequeathed the sum of \$50 to the African Methodist church and the Wesleyan Methodist church of Carthage.  
The petition sets out that the property, a lot in Carthage, is worth about \$600 and this is the only property that can be disposed of to get the necessary funds as called for in the will. Mrs. Hill in her will made provision for the purchase of \$200 worth of Spanish Bibles that are to

visit for about four weeks.  
Mr. and Mrs. Robert Crowdy of north of Glenwood were the guests of Mr. and Mrs. Fred Maple Saturday evening and Sunday.  
A. J. Perkins motored several farmers to Richmond Monday on a business trip.  
Mrs. Amanda Armstrong is very ill at her home here.  
Miss Vera Stone of Connersville is spending the week with her sister, Mrs. Bessie Williams, and family.  
Quite a bit of excitement was caused by the burning of Murphy & Son's huckster wagon. The top of the wagon and contents were burned. The gears were not damaged much. The wagon was well loaded with groceries and was a considerable loss to Mr. Murphy and son.  
Mr. and Mrs. Del Cameron and Mr. and Mrs. John Ricketts will leave Thursday for Arkansas for several weeks vacation. Garrett, son of Mr. and Mrs. Rocketts, and Mrs. Martha Dent of Glenwood, sister of Mr. Ricketts, went about two weeks ago.

**Glenwood**  
A number of employees of Connersville factories who live here were compelled to quit work when the levee of the canal broke loose and flooded a large district.  
The Laurel basketball team was defeated by the Glenwood basketball team in the local gymnasium, 25 to 6. The score the first half was 6 to 6 but Laurel was unable to score the last half.  
Louis Matney and A. P. Reynolds were theater-goers in Indianapolis Wednesday night of last week.  
Erskine Dailey and William Combs are buying stock out of Connersville.  
Charles Combs mashed the little finger off his right hand last Thursday and was unable to work for several days.  
The Rev. Daniel Ryan preached an excellent sermon from the text, "I am the God of Isaac and Jacob. I am the God of the living, not the dead," at the M. E. church Sunday morning. No services were held at night.  
A party of seventeen girl students of Elmhurst school near Connersville were entertained at a chicken dinner Saturday evening at the Glenwood Inn.  
Mrs. Jeffery is suffering with a severe attack of pneumonia.  
There is only one vacant house in Glenwood at present.  
Sabbath school was held at the U. P. church Sunday afternoon.

be distributed by the missionaries in Central and South America.

### OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

### RUB RHEUMATISM FROM STIFF, ACHING JOINTS

**Rob Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil**

Stop "dozing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Lumber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

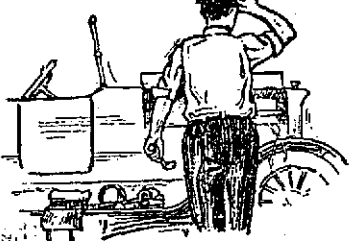

### CAR OWNERS!

You are interested in our announcement of the arrival of

The machine that enables us to locate starting and lighting trouble easily and thereby saves you money.

We do not use the guesswork way—

But we use AMBU. The scientific way:

which means we save you from 10 to 20 hours in repair bills when you have trouble. You can save expense and trouble by having your car tested each month. Troubles not apparent will be found and eliminated before great damage is done.

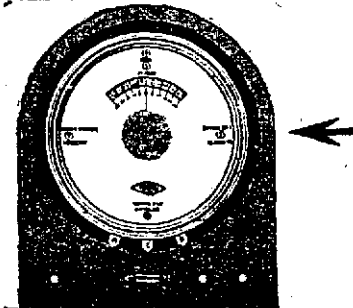

BUT WE DO MORE THAN THAT.

By our monthly inspection service, we catch and stop non-apparent troubles before great damage is done.

This scientific service is possible because we have "inside information" about the miniature electric plant on your car—a complete knowledge of its construction—wiring diagrams showing every wire on your car, and AMBU, the systematic, tester and trouble finder.

This is another example of our desire to secure for the car owner, the newest and most valuable service-inventions in the electric engineering field.

#### The End of the Fizzle

Another long drawn out effort to come to some terms with Carranza has resulted in the usual fizzle. The Mexico-American joint commission has failed of its object, because Carranza has refused to ratify the work of the commission.

It is the end of the fizzle—that is, of the present fizzle.

General Pershing and his men are to be withdrawn from Mexico. It is just as well. If they are not to be allowed to "take Villa" or protect their countrymen, then they should not be made ridiculous by compelling them to loiter around and suck their thumbs.

Taft fizzled when he sent the army roaring down to the border and then halted them there. Wilson fizzled when he rushed them into Vera Cruz and then rushed them out again.

And the army is fizzling because it is not allowed to do anything but fizzle.

With two administrations fizzling with two congresses fizzling, and with the army fizzling, the American people seem to be in somewhat of a fizzle all around.

And, from all indications, we will keep right on fizzling.

#### Trans-Pacific Sales to U. S.

Australia and New Zealand are on the other side of the globe, but well within the American market. During the first 11 months of 1916 our imports from them totaled \$54,000,000, an increase of \$24,000,000 over the similar period, 1915. \$31,500,000 over the 1914 period, and \$41,000,000 over the 1913 period, nine months of which was under the Republican protective tariff law. During the 1913 period we had a favorable balance in our trade with these two islands of \$34,000,000; during the 1916 period it was \$20,000,000. Much of our imports from Australia consisted of wool, and we might just as well have had the duties on it for the sake of the revenue. The belligerents had to have woolen goods at any price; but the millions of revenue we lost from this product have been mightily welcome to a bankrupt treasury. The farmer will have these two countries to reckon with after the war, if we

## WORLD TRADE IS TO BE DISCUSSED

American Business Men Meet in Pittsburgh to Talk of Problems After War.

#### MANY SPECIAL TRAINS RUN

"Greater Prosperity Through Greater Foreign Trade" Will be Motto of Meeting.

(By United Press.)

Pittsburgh, Jan. 24.—This city was a magnet drawing toward it today the brains of American business. In eight special trains the leaders of American finance, production and industry arrived as fast as Mogul engines could bring them.

The 800 or more traveling will join 50 Pittsburgh men here tomorrow in the fourth annual convention of the National Foreign Trade Council.

Special attention will be given by the convention to the strengthening systematically of the trade and social bond between North and South America. Plans will be made for the development of foreign trade with our South American neighbors on the broadest and most progressive basis.

"Greater prosperity through greater foreign trade" will be the dominant motto of what promises to be the most important gathering of big business men in 1917.

The best way to meet new conditions that the country is bound to face after the end of the European war will be the problem of this convention.

A score of the most noted economists, financial experts, traffic men, producers and distributors will treat the question from every conceivable angle. Agricultural, mining, lumbering, merchandising, and transportation experts as well as bankers and manufacturers will have part in the planning for solidification of American interests to meet every possible eventuality.

James A. Farrell, Frank A. Vanderbilt and John N. Willys are three of the leaders of the convention.

One special train was made up at New Orleans. It carries the progressive business leaders of the reconstructed South. Another was coming from San Francisco. A third was eastward-bound from the rich harvest districts of the Middle West. Another from Chicago brought a large number of railroad men. Still another from New York brought the Wall Street contingent. The northern Lake States sped eastward their copper and lumber men. Various group conferences will bring together from time to time representatives, respectively, of the banking interests.

Whether the war ends on a day's notice or gradually through months or years of tedious negotiations, the delegates are firmly convinced that the conditions will be met without industrial or commercial disaster—or even grave uncertainty or confusion to the country.

Still cling to the present tariff policy.

Here, here, boys—and baldheads! At the Allied bazaar in Chicago you can get a kiss from a handsome young lady—a real swell, genuine top-notch, short skirted and pink stockinged—for a measly silver dollar. Good-bye, and luck to you!

Many newspapers are running beauty talks by noted women. But since the ladies of this community are not in need of the artificial article we have no space to waste on a dead subject.

This is a hard day for the neutral. If the patriots can't kiss him they want to kick him.

We know of several people who have high aims in life but are short on ammunition.

Many Other Close Outs and Odd Lots on the Table this week at a Bargain

## Drake's Variety Store

THE WHITE FRONT

The officers-elect and members of the team of foresters are earnestly requested to be present at the regular meeting of Burr Oak Camp, M. W. of A. Thursday night. Head Banker Volz, of Indianapolis will have charge of the installation of officers. It is necessary to make proper arrangements for his reception and entertainment, as well as practice the installation ceremony, in order that it may be made as impressive as possible.

## MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

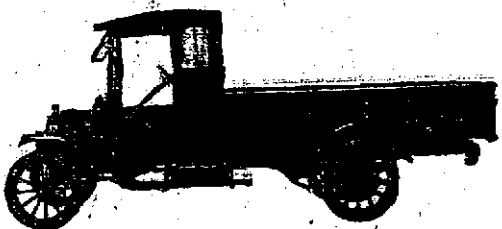

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

## A Ford and \$350

Makes a Guaranteed One-Ton Truck

Smith Form-a-Truck

A delivery truck with the dependability, simplicity and low maintenance cost of a Ford, and the strength and carrying capacity of a high standard one-ton truck. AND AT PRACTICALLY ONE-HALF THE COST! It solves the delivery problem for the great mass of retail and wholesale merchants, contractors, etc., in fact all business men who want quick delivery at the lowest economical cost. Investigate now!

## LEGISLATURE PAYS TRIBUTE TO GREENE

Resolutions of Condolence Over Death of Senator Drawn up in Senate and House Today.

SPECIAL ELECTION FEB. 6

(By United Press.)

Indianapolis, Ind., Jan. 24.—In brief sessions today both houses of the legislature paid high tribute to the memory of Senator William P. Greene, of Albino, who died of pneumonia last night. Resolutions of condolence were drawn up in both the house and senate.

The house held a short business session, hearing only reports of various committees and then adjourned until tomorrow.

Governor Goodrich announced today that he plans to call a special election for Tuesday February 6 to fill the vacancy caused by Greene's death.

Senator Greene first became ill while at the Senate session last Friday, but it was not until Saturday morning that he went to the hospital. He first believed that he was a victim of lagrippe, but when he reached the hospital he diagnosed his case as pneumonia and directed that a physician be summoned. He was quite ill from the start, though his condition was regarded as satisfactory until Monday evening, when the illness extended. With double lobar pneumonia his fight for life was made difficult.

The senator himself, clung to a hope all of yesterday that he would yet be successful in combating the disease, but his son, Dr. John W. Greene, who reached here Monday and three Indianapolis physicians who attended the senator, considered last evening that his death was only a question of hours.

Senator Greene, who is a republican, was elected last November from the senatorial district composed of Lagrange, Noble and Steuben Counties.

## THAT JAR OF MUSTEROLE ON THE BATH-ROOM SHELF

Has Relieved Pain for Every One in the Family

When little Susie had the croup; when Johnny got his feet wet and caught cold; when father sprained his knee; when granny's rheumatism bothered her—

That jar of Musterole was right there to give relief and comfort.

Musterole is a clean, white ointment, made with oil of mustard. It will not blister like a mustard plaster.

Quick relief for sore throat, bronchitis, tonsillitis, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds on the chest (it often prevents pneumonia). Try Musterole for croupy children.

Oyster soup, 20 cents, sandwiches, 5 cents, and coffee, 5 cents, will be sold at the supper at the First Baptist church tomorrow evening. Given by the B. Y. C. D. class. Begins at 5 o'clock.

## TOURNAMENT TO BE AT RICHMOND

District Meeting to Select Winner for State Basketball Event to be Held in March

RUSHVILLE LOSES OUT AGAIN

Plans are Going Forward for Invitational Tournament Here Feb. 24—8 Quintets Invited

Rushville lost out in its attempt to land the district basketball tournament. Announcement has been made that the tournament will be held in Richmond in March. The efforts of Rushville were very feeble, several of the school authorities believing that this city could not handle the event. This year there will be twenty district centers. Newcastle was selected as one of these centers as well as Richmond. Rushville will compete with Richmond, Brookville, Winchester and other teams practically the same as in former years with the exception of Newcastle.

With the loss of this tournament the school officials are now going ahead with the plans for the tournament to be held here on February 24. Every effort will be made to make this event a success and from the teams that will take part some good basketball should be displayed.

Eight teams have agreed to take part in the tournament at the invitation of Rushville, Shelbyville and Greenburg. In addition to these three teams others in the tournament will be Morristown, New Palestine, Newcastle, Connersville and Milroy. With eight teams, two games will be played in the morning, two in the afternoon and the final game at night.

James Stiehm, football coach and athletic director of Indiana University, has consented to act as referee at the games and his presence should add interest to the event. Stiehm is recognized as one of the greatest coaches in the country.

The same plan will be followed this year as last. A cup will be awarded to the winning team. The season tickets will sell at fifty cents and single admissions at twenty-five cents.

The next game on the local schedule is with Newcastle here Friday night. The only line of hope on the strength of the two teams is through comparative scores with Richmond. Richmond defeated Newcastle and Rushville by practically the same margins and from this the two teams seem to be evenly matched. Coach Masters predicted today that the game would be the best played on the home floor this season and for this reason a record crowd is expected.

## POSTOFFICE LOSES 3 GAMES TO K. OF P.

City League	W.	L.	Per.
K. of P.	6	0	1.000
Masons	2	1	.666
Postoffice	1	5	.166
Elks	0	3	.000

The Knights of Pythias team in the City bowling league "cleaned up" on the Postoffice team last night winning three games and thus continuing with a perfect average. The K. of P. team rolled its highest score in the first game with a total of 836 pins. They won the second game by a margin of two pins and came back in the third and rolled 821 against 707 for the postoffice. The scores follow:

Postoffice	Sparks	Conde	Finley	Worthington	Schuetgen	Totals
	192	135	121	137	178	763
	176	100	151	101	179	707
	139	187	124	110	147	707

Knights of Pythias	Wolcott	Camp	Hogsett	Kipp	Trennephil	Totals
	142	153	212	176	153	836
	185	116	169	114	125	709
	199	180	129	160	144	821

# SOCIETY

## Social Calendar

### Thursday

K. of P. dance in hall in the evening. Mitchell's orchestra.

Grand Club, with Mrs. Will M. Sparks at 424 North Main street in the afternoon.

Priscilla Art Club, with Miss Miriam Frye of Falmouth, in the afternoon.

D. A. R. with Mrs. Fred Caldwell at 321 North Morgan street, in the afternoon.

There will be a meeting of St. Mary's Bible class in the K. of C. hall on Thursday evening.

The members of the Emanon Club will be entertained on Friday afternoon by Mrs. Lenora Blackledge at 612 North Main street.

The members of the Friday Afternoon Embroidery Club will be entertained by Mrs. C. J. Tucker at her home on Friday afternoon of this week.

Mrs. Albert Winship and Mrs. Charles Mauzy are entertaining the members of the Happy-Go-Lucky Club and their husbands at the home of Mrs. Winship in North Main street this evening.

Mr. and Mrs. John K. Gowdy celebrated their golden wedding anniversary at their home in North Perkins street today. The day was spent pleasantly by Mr. and Mrs. Gowdy in receiving friends and their congratulations on the event.

Mr. and Mrs. Albert Allen and Perry Oneal leave tomorrow for a houseparty in Cincinnati to be given by Miss Helen Taylor. Tomorrow evening, Miss Taylor is giving a dance and on Friday evening, a dinner and theatre party.

The dances being given in the K. of P. series of informal parties this winter continue to grow in popularity. Tomorrow evening, another one is to be given. An added attraction is the fact that Mitchell's orchestra will furnish three pieces.

Miss Mary Louise Bliss leaves tomorrow for Oxford, Ohio, where she will be among the guests at the houseparty that the members of the Phi Delta Theta Fraternity of Miami college are giving for their girl friends. The houseparty will continue over the week-end.

The principal matter of business brought up at the meeting of the Ladies Aid society of the Christian church held in the church parlors yesterday afternoon was the penny supper which will be given in the church basement on Friday evening, February 16th. The next meeting of the society will be held the 2nd Tuesday in February.

Several guests were entertained with the members of the S. E. T. Club by Mrs. George Helm at her home in West Third street yesterday afternoon. A delightful social afternoon was enjoyed by the twenty guests, during which the hostess served a delicious salad course. Mrs. W. S. Coleman will entertain the members of the club in two weeks.

## Mrs. Slack's Letter To Mothers of Delicate Children

Palmira, Pa.—"My little girl had a chronic cough and was so thin you could count her ribs and she had no appetite. Nothing we gave her seemed to help her, until one day Mrs. Neibert asked me to try Vinol, and now she is hungry all the time, her cough is gone, she is stouter and has more healthy color. I wish every mother who has a delicate child would try Vinol.—Mrs. ALFRED SLACK.

We guarantee Vinol, to make delicate children healthy and strong. F. E. Johnson & Co., Druggists, Rushville, also at the leading drug store in all Indiana towns.—(Adv.)

One hundred and twenty guests sat down to the turkey dinner given at the Social Club last evening, when the party was in charge of the ladies of the first division. An elegant two course dinner was served after which the guests intermingled for an hour or so of sociability. Mitchell's three piece orchestra, with Miss Hilda Linstrum at the piano, played for the informal series of dancing. A number of out-of-town guests took part in this pleasant affair including Mrs. Mary Harriet Bliss and Mrs. May Bliss Sage of Chicago, Miss Mary Bookwalter of Indianapolis, Miller Hamilton of Indianapolis, Mr. Fisher of Richmond Fred Lahrman of Richmond.

An inspiring literary program featured the meeting of the Sorosis Club held at the home of Mrs. Elmer Caldwell in North Morgan street yesterday afternoon. The program dealt with well-known authors, carrying out the program on "Author's Day." Quotations from favorite authors were given in response to the roll call. In her paper on "Longfellow," Mrs. Freda Saxon gave a sketch of his life and comments on his works. A few facts about the life of Thackeray and a review of "Vanity Fair" were given by Mrs. Murray. Miss Florence Elliott gave a biography of Hawthorne and an intensely interesting review of "Evangeline" was given by Mrs. Newhouse, who told of the settings in the poem before reviewing it.

The hostess served a tempting luncheon following the program.

Pink and white was the dainty color scheme carried out in the dinner given at the home of Miss Josephine Scholl in North Jackson street last evening as a surprise to her, honoring her 15th birthday. These shades decorated the table, predominated in the candles which cast a soft glow and in the tiny candles, placed on the large birthday cake. The ten girls arrived about six o'clock, bringing with them a delicious pitch-in supper. During the evening they were entertained with a clever contest, in which the characters in Mother Goose played a part. The friends of Miss Scholl giving this delightful little affair were the Misses Marguerite Kelly, Elizabeth Pierson, Mary Louise Wyatt, Jean Sparks, Phyllis Casady, Reba Beale, Helen Thomas, Frances Bowen, Marjorie Clark and Janet Dean.

## ARE REBUILDING FOUNDRY

### Madden Brothers Get Settlement With Pennsylvania For \$1,500

Madden Brothers have started work re-building their foundry in West Second street, which was damaged last October when a Pennsylvania baggage car plowed over the embankment at the end of a switch and crashed into the building. It is understood that Madden Brothers received a satisfactory adjustment of their loss from the railroad company, receiving \$1,500 for the damage. A cut of cars carrying the carnival company that showed here centennial week was shoved into the switch with such force that one car went over the retainer and into the building.

## ONE CASE DISMISSED

Denris Ryan appeared in court yesterday and pleaded guilty to allowing minors to play pool and was fined \$5 and costs. A charge of allowing minors in a pool room was dismissed. Ryan was the last of the pool room owners in the city to pay his fine.

John S. Abercrombie has received from a former Paris friend two oil paintings by the Dutch master, Wouverman, (1619-1668.) Both paintings and frames, which are of the Louis XIV epoch, are about two hundred and seventy-five years old. Examples of Wouverman's work may be seen in all of the important public galleries of Europe. Mr. Abercrombie has loaned the paintings to the Indianapolis Art Association, (John Herron Art Institute), where they will be on exhibition for a few weeks.

# PHONE CASE COMES TO AN END TODAY

## Many Farmers Testify for Defense Regarding Service and Rates of Connersville Co.

### FINAL WORD WITH THE JUDGE

The case of the Connersville Telephone company against the Public Service Commission, to annul or modify an order establishing rates, which has been on trial in circuit court since Monday ended this afternoon so far as the introduction of evidence is concerned. The defense presented its side of the case today, many farmers of Fayette county testifying regarding the service and rates of the company.

The evidence in the case will be certified to the commission by Judge Sparks and the commission within ten days will submit its report either sustaining the original order or modifying it. In case the order should be modified and then not be satisfactory to both parties the argument to the court would be made and his decision would then be final. Much of the evidence submitted in behalf of the commission was similar to that in the original hearing held at Connersville.

# Amusements

The Gem will show the drama "Main 4,400" for the first picture tonight. The second is entitled "His Own Nemesis." Tomorrow the next chapter of "A Lass of the Lumberlands" will be shown. On Friday the five reel comedy-drama "A Million for Mary" will be the offering.

Mable Taliaferro, one of the most popular young stars of both stage and screen will be seen at the Princess tonight in the stellar role of "The Snowbird," a five act feature. Aside from a strong story, the scenes are laid in an unusually picturesque locality, that of the Hudson Bay district of Canada, which has afforded opportunity for really wonderful photography. Miss Taliaferro is first seen as a society girl without a single worry in the world. Then her father meets with reverses in Wall street. In attempting to clear his name in a timber deal she is obliged to essay the role of a boy. Tomorrow Orrin Johnson and Edgar Lewis will be seen in the drama "The Light at the Dusk."

One of the most charming and welcome attractions to be offered this season at English's Opera House, Indianapolis, will be Booth Tarkington's latest play, "Mister Antonio," which is the starring vehicle this season of Otis Skinner. The play will be presented at English's Thursday, Friday and Saturday nights, and Saturday matinee, January 25, 26 and 27, with the entire original cast and production as it was presented for a long and successful run last season in New York.

"Mister Antonio" is said to be written in Mr. Tarkington's happiest vein. The story deals with the life and whimsical affairs of an Italian musician, sometimes an organ grinder. The plot fairly teems with the tenderness, pathos and humor, in the mingling of which Mr. Tarkington is a past master. There is too, it is said by those who have seen the play, an amount of sustained dramatic suspense to hold the absorbed attention of audiences from the first to the final curtain. To tell the story in its entirety would be unfair to those who wish to see it, and of course infinite charm is added to any story by Mr. Tarkington's method of telling it, and in this case, by Mr Skinner's inspired characterization of the principal character. Suffice it to say, that "Mister Antonio" will live long in the memories of all who see him.

Mr. Skinner, as everyone who knows anything about players, is aware, is one of our greatest American actors. He holds a place in the front rank—many consider that the place he holds is the highest of all. His last great artistic characterization, previous to "Mister Antonio," was in "Kismet." His supporting company this season is said to be super-excellent, with a cast so well balanced that critics have been able

## DEMONSTRATION TO BE MADE AGAIN

Dry Workers Plan Another Big Showing When Prohibition Bill Comes up for Passage

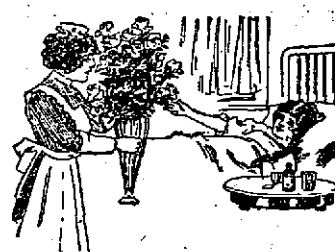

## SURE OF MAJORITY IN HOUSE

(By United Press.)

Indianapolis, Ind., Jan. 24.—Indiana dry workers are preparing for another great prohibition demonstration tomorrow when the Wright bill providing for state wide prohibition will be presented in the house for final action. Speaker Eschbach of the house today confirmed the statement that he would hand the bill down for third reading and passage tomorrow.

That the dry bill will pass the House by a large majority is practically certain. Interest today centered in senate action. Considerable apprehension was felt in both wet and dry circles over what committee Lieut. Gov. Bush would send the bill to, when it reaches the upper house.

## HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

—the tooth paste that protects your teeth. Use it twice daily. See your dentist twice yearly and keep your teeth in perfect condition

Get a tube today; read the folder about the most general disease in the world. Start the Senreco treatment tonight. 25c at your druggist. For sample send 4c stamp or coin, to The Senreco Remedies Co., Cincinnati, Ohio.

## A DENTISTS FORMULA

## True Secret of Keeping Youthful Looking

(The Beauty Seeker.)  
"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, sinuses, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face."  
"But to get liver and bowels working as they ought, without producing evil after-effects has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though, of course, it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'sentanel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentanel tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

## Sentanel Tablets conquer constipation—liven up a lazy liver—banish biliousness—10c and 25c; at druggists.

## LOST AND FOUND

LOST—between corner of 6th and Harrison streets, and J. L. Cowling farm, a horse blanket, color tan and blue. Finder will please notify N. Halterman, phone 4101, one long, two short rings. 26644.

STOLEN—by a small dog a right overshoe from my porch at 830 Perkins street. 26444.

Douglas Morris since the expiration of his term as Supreme Court Judge, has resumed the practice of law at Rushville, and has removed his office from the Bodine block to Rooms 7, 8 and 9, on upper east floor of Miller Law Bldg. Telephone 2182.

## SAY SIX GERMAN DESTROYERS SUNK

Reports From Holland Declare Only Four Escaped From Engagement Monday Night

## WHAT GERMANY SAYS OF IT

(By United Press.)

London, Jan. 24.—Persistent reports from Holland today were that from six to ten German destroyers had been sunk in Monday night's engagement between German and British sea forces. The dispatches said Dutch authorities were considering the information of the German destroyer V-69 which arrived a Ymuiden barely afloat with many wounded German sailors.

The German official statement reporting the engagement received today makes no mention of the loss of any German vessel aside from the one which is declared to have reached a Dutch harbor.

One British destroyer was sunk, the German statement said. Except for the torpedo boat which made a Dutch port, the German flotilla returned to its base with slight losses, according to the official statement.

## Today's Legislative Oddity

Indianapolis, Ind., Jan. 24.—Members of the senate are casting envious eyes toward the lower house of the legislature days. Members of the senate are not allowed to smoke while the representatives puff away to their hearts content.

## ELECTRICAL MEN MEET.

Muncie, Ind., Jan. 23.—Electrical contractors and other men interested in the electrical business gathered here today for their second annual state convention. The address of welcome was made by Samuel W. Greenland, president of the Ft. Wayne and Northern Indiana Traction company. Other speakers at the morning session were R. W. Mercer, Indianapolis; A. E. Diltz, Hammond; C. M. Drischel, Marion and G. O. Nicholas, Terre Haute. Thomas F. English was toastmaster at a banquet at noon.

## NOTICE OF SALE OF BONDS.

Notice is hereby given that the Rushville School City will on Thursday, the 15th day of February, 1917, at one o'clock (1:00) p. m. offer for sale thirty-two (32) bonds of said School City of \$500.00 each, which bonds to be dated February 15th, 1917, and draw interest at the rate of 4 per cent per annum, interest payable semi-annually on the 15th day of January and the 15th day of July in each year. The first of which bonds will mature on January 15th, 1927, and the last bond mature on July 15th, 1930. Said bonds are being issued to redeem the debt of said School City in the sum of \$16,000 and to reduce the rate of interest on said debt and to extend the time of payment thereof.

Said bonds will be sold at the office of Dr. J. B. Kinsinger, Treasurer of the School Board of Rushville, Indiana, and for not less than the par value of same.

Witness my hand this 23d day of January, 1917.

J. B. KINSINGER,  
Treasurer of School Board.

Jan 24-31 Feb 7

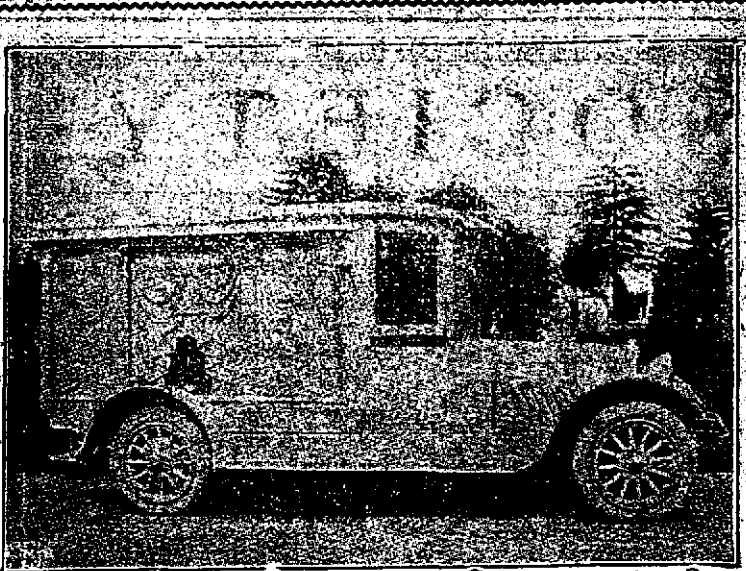

## Sale of Stock of Goods.

Notice is hereby given that the undersigned as administratrix of the estate of Chester E. Moor, deceased, will sell at private sale, the entire stock of goods owned by said decedent and located at the village of Orange, Fayette County, Indiana. Said stock of goods consists of drugs, groceries, hardware and notions. Said sale is made for cash and delivery can be made at once. Stock is in good condition and is at a good trading point, and is offered at private sale by order of the Judge of the Fayette Circuit Court, in order to settle the estate of said decedent. List of goods can be examined at the Glenwood Hotel, or at the office of Dr. W. E. Phillips at the village of Orange. Address, MRS. HATTIE MOOR, Adm., Glenwood, Indiana, R. R. 29. Jan 15-17-19-22-24-26-29-31 Feb 2

## FOUND DYING IN HIS HOME TODAY

Noah Dawson, Age 78. Living a Mile East of Mays, Discovered Almost Lifeless Today

### EFFORTS TO REVIVE HIM FAIL

Noah Dawson, 78 years old, was found dying this morning by neighbors at his home, one mile east of Mays. Mr. Dawson lived by himself and had been complaining for about two weeks. This morning when nothing was seen of him about his place, neighbors broke into the house and found him almost lifeless. Frank Huddleson was one of the first to find him and immediately called a physician. Mr. Dawson lived but a few minutes after the physician arrived. He died at nine o'clock this morning.

He had been suffering from a heavy cold and death is believed to have been caused by grip and heart disease. He leaves no relatives closer than cousins.

The funeral will be held tomorrow at 1:30 p. m.

## DR. McCUAIG GIVES THE CAUSE FOR MOST CRIME

Continued from Page 1.

greater than all else in life is to mate and beget children, that they may beget children's children to the end of time and to the glory of eternity, this is the triumph of motherhood.

"We have forgotten that the first commandment of all commandments is—be fruitful and multiply. We have forgotten that many a name is enshrined in history of which the only thing worth recording is that the man lived and died and beget children. We have forgotten that when God would hold out to man the greatest good of all good things He promised, 'I will multiply thy seed as the stars of heaven, and as the sand which is upon the sea shore,' and that when He would give His best gift unto men, 'unto us a child is born, unto us a son is given.' We have forgotten the hallowed prayers of a million Hannahs who have cried unto God, 'If thou wilt look on the affliction of thine hand-maid and wilt give unto thine hand-maid a man child, then I will give him unto the Lord all the days of his life.'"

"But unless the living seed of this fundamental truth of life be treasured and nurtured from whence shall come the harvest? Whose will the child learn the true significance of marriage? That matrimony is an

## MEETING THURSDAY 7 P. M.

Republican Candidates and City Committee to Hold Session

A meeting of the republican central committee, all candidates who seek a nomination in the coming primary and other republicans interested will be held in the city council chamber tomorrow evening at seven o'clock for consideration of plans for the primary. Attention is called to the fact that Monday, February 5 will be the last opportunity for candidates to file their declarations. Preparations have to be made also by the primary election commissioners, as soon as they are appointed, to print the ballots.

honorable estate instituted by God—that it is not by any to be entered into unadvisedly, lightly or wantonly, to satisfy men's carnal lusts and appetites, like brute beasts that have no understanding—that it was ordained for the procreation of children, to be brought up in the fear and nurture of the Lord. Where will the child learn the true significance of life?

"There were once 'plain, blunt' men in the world who held this truth, who declared it, who embodied it in form, who preached it publicly, who lived it, who condemned the ignorance that breeds infidelity to the home; but we have drifted into a strange 'niceness' about things, into a timidity that verges upon ineffectiveness. If we say the words we repeat them hastily, as though to get over them. We make no pause now between each letter to let the full hallowed import of the words sweep into the souls of our hearers. We are timid, timid to the verge of blood guiltiness. And if there be no light of truth and no responsibility of mother how shall our children learn?"

Emphasizing the importance of home teaching, especially of the sexual function and of the habits of self-control, the speaker said:

"Oh, the responsibility of motherhood—she is the sower and she is the reaper—for 'tears of failure' or 'shouts of triumph' whichever it may be, will be more her harvest than her child's. She in loneliness will eat the bitter fruit, or surrounded by the children of her children will sip the nectar. I make a prophecy tonight—The boy who learns the secrets of life from the gutter will tend to the gutter, and dripping with shame and defilement and loss will someday sink back into the gutter and pass into obscurity. But the boy who receives the truths of life from the love and prayers of a mother's heart will grow up pure and simple-minded and sweet. He will be worthy of a woman who also has been taught by her mother. They will be blessed with many children, and their children will rise up and call them blessed, and their children's children will rise up and call them blessed, and their children's children will praise and honor them.

"I bid you stand appalled tonight before the significance of the mother's responsibility. I bid you consider the seed of death that, through a mother's indifference, an enemy may sow in the mind of the child. From it will spring an awful tree. A tree that will bear many fruits, and every fruit will be for the damning of the nations—prostitution, disease, crime, divorce and the slaughter of a host of innocents. From such a harvest your sons will pass into the night—dark, dark, dark, awful night. Not a star to give light, not a flickering candle to break the darkness; night—black, black, black, crushing, hopeless, eternal night. Whatsoever a mother soweth that shall she also reap."

"The Care of the Boy," was the subject to which Dr. McCuaig directed his attention, in the second of his series of lectures to women, yesterday afternoon.

Absolute cleanliness of body, wholesome and abundant outdoor exercise, careful cultivation of the home instinct and wise teaching and development regarding the instincts of fatherhood were the main agencies, according to Dr. McCuaig, for the proper development of the boy.

He urged strongly the necessity for exercise of every part of the body that all the blood centers may be lifted properly.

Dr. McCuaig cautioned parents regarding the danger of making life too easy through their tender love for their boys, stating that too sheltered a life leads to morbidity for which

vigorous exercise is the safest counter-irritant.

Dr. McCuaig spoke particularly of the importance of cultivating the home instinct in the lad. He urged that mothers should not teach their sons to have no part in the work of the household, on the ground that it is "woman's work," but to encourage the boys to render all the little services in the home to the mother and sisters, which would lighten their burdens.

"Teach them that personal service belongs no more to woman than to man," said Dr. McCuaig, "and that home is a special corporation where it is the duty and privilege of each who enjoys its benefits to help."

He stated emphatically that sex truth cannot be taught apart from the idea of God, and that sexual hygiene is a lesson on the great glory of fatherhood.

He urged that the boy be taught from babyhood that fatherhood is the greatest thing that can come to him, and especially should this sentiment be emphasized when the change comes in a boy's life, between the ages of 12 and 18 years.

Dr. McCuaig said that no boy between the age of 15 and 18 years should be sent off to school or col-
